

BATES® Glue Release

Say Goodbye to Unwanted Glue Mess

The #1 glue release coating for the woodworking industry. BATES Glue Release is a temporary water-based, emulsion coating that allows surfaces to repel glue.

THE BENEFITS OF BATES GLUE RELEASE

- Protects equipment from dried glue mess
- Reduces clean-up time
- Regular application prevents harsh cleaning that abuses and deteriorates equipment

APPLICATION, COVERAGE & USE

- For cold gluing application - Up to 100°F/38°C
- Easily brushed, wiped or sprayed on.

PROPERTIES & STORAGE

- BATES Glue Release is a stable, wax and oil emulsion that contains no silicones.
- BATES Glue Release should be kept in temperature controlled areas between 50°F/10°C and 90°F. Do not expose to freezing temperatures.
- Appearance: Viscous, white or creamy liquid that sets-up to transparent film
- Viscosity: 1900 cps.
- Specific Gravity: 0.95

DIRECTIONS FOR USE

Apply BATES Glue Release to any non-porous surface that accumulates dried glue, paint over-spray, wood resin or other unwanted material. Use on gluing equipment, spray booths, slide ways, saw tables, etc. Do not use on walkways as the coating is very slippery.
